

MILITARY SPOUSE PROGRAM

Are you a military spouse looking to break into the tech industry but concerned about frequent relocations? Our 10-week IoT Bootcamp is designed with you in mind. This program equips you with cutting-edge skills that lead to high-paying, flexible job opportunities—whether you're looking for remote work or on-site positions. Graduates of our program have successfully secured roles in both settings, ensuring you can thrive no matter where life takes you.

SCHOLARSHIP BENEFITS:

- Hands-on IoT training
- \$2,000 Stipend
- Tailored Internships

ELIGIBILITY

Military Spouses (active, guard, reserve) and other military-connected individuals (dependents, veterans, and Gold Star family members) are welcome to apply.
